Parma, 19 April 2022

Further to its announcement on 29 March 2022, **MAPS (MAPS:IM; IT0005364333)**, an innovative SME listed on the Euronext Growth Milan and active in the digital transformation sector, announces that on 14th April 2022, following the satisfaction of the contractual conditions precedent established, it finalised the acquisition of the remaining 70% of the share capital (the "**Shareholding up for Sale**") of Informatica e Telecomunicazioni s.r.l. ("**I-Tel**").

The transaction allows MAPS to consolidate its positioning, enabling it to provide an increasingly comprehensive range of solutions, especially in the healthcare field. With this transaction, the Group continues to develop the concept of modern healthcare, through digital solutions that enable healthcare executives and managers to automate different aspects of the patient journey, offering new opportunities and increasingly innovative ways of working. Indeed, I-Tel offers services that are synergistic with those of MAPS, proposing a suite of products aimed at simplifying and optimising the interaction between people and structures, making multichannel the central and distinctive element.

Purchase by MAPS of 49.90% ("Shareholding up for Sale")

The agreement was finalised today for the purchase by MAPS of 49.90% of I-Tel's share capital from the "**Selling Shareholders**", at a total price of Euro 2,903,629.80 paid in cash using immediately available funds.

Contribution of 20.10% by subscription to a reserved capital increase of MAPS ("Shareholding being Contributed")

For the purposes of the contribution, by MMW S.r.l., of 20.10% of the share capital of I-Tel ("Contributed Stake"), today the Maps Board of Directors, partially availing itself of the delegation pursuant to art. 2443 of the Italian Civil Code granted by the Extraordinary Shareholders' Meeting of MAPS on 20 October 2020, resolved to increase the share capital by a total amount of Euro 1,169,600.20, of which Euro 1,141,807.72 by way of share premium, by issuing 231,604 new MAPS shares at the conventional price of Euro 5.05 each. All of the above with the exclusion of option rights pursuant to article 2441, paragraph 4, first sentence, and paragraph 5 of the Italian Civil Code, as this is reserved for MMW. The above-mentioned new shares will be subject to lock-up for a period of 12 months from the finalisation date.

The Board of Directors has determined that the issue price of the new shares to be issued in the context of the capital increase, equal to Euro 5.05 each, as established in the negotiation, is appropriate, given the market circumstances existing at the reference date of the valuations, and that it is in line with national and international valuation practices, as well as compliant with the provisions of article 2441, paragraph 6, of the Italian Civil Code. On this point, the Board of Statutory Auditors issued its positive opinion on the fairness of the issue price as part of the cited procedure governed by law.

Moreover, the Board of Directors deemed the overall value of the Contributed Stake, equal to Euro 1,169,600.20, to be fair, taking into account that the valuation report pursuant to articles 2440 and
