The institutional presentation will be available on the website www.mapsgroup.it in the *Investor Relations/Information material* section.

MAPS GROUP

Founded in 2002, MAPS is an Innovative SME operating in the digital transformation sector. Based in Parma, with a further 9 operating sites and over 200 employees, it produces and distributes software solutions that enable companies to extract value from data in order to make better decisions and innovate their business models. It operates in an environment characterised by high growth potential: estimated investments in digital transformation in the three-year period 2022-2024 are around 6,300 billion dollars with a CAGR of 16.5% (Source: IDC). MAPS operates through 3 business units focused on the Health, Energy and Sustainability (ESG) sectors respectively, providing solutions to a portfolio of more than 500 highly loyal customers. Through the Patient Journey line of products, it is a leader in the sector of patient reception in healthcare facilities, presiding over the market with over 1,500 installations, which manage 36 million patient access paths nationwide. Thanks to ROSE, an intelligent energy management platform, MAPS now supports major energy transition trends that lead to the emergence of new business models based on flexibility such as energy communities. In the field of sustainability, the GZOOM value governance solution is now used by more than 70 Italian organisations to measure targets, manage risks and share their non-financial performance. The Group constantly invests in R&D: in the last three years it has allocated a total of Euro 5.3 million to innovation. The Research & Solutions division, established in 2016, is responsible for identifying market needs and evolving software solutions. The Group closes 2021 with consolidated revenue of Euro 21.5 million (+20% compared to 2020) - with significant growth in revenue from Healthcare (+62%) and ESG (+69%) markets - and EBITDA of Euro 5 million (23.3% EBITDA Margin). In the last three years, MAPS has more than tripled its revenues from proprietary solutions (15.2 million in 2021, or 72% of consolidated revenues). The company is characterised by high levels of recurring revenues: recurring fee revenues represented 34% of consolidated operating revenues in 2021 (2018-2021 CAGR of 38%). The Group's organic growth has been accompanied by a significant M&A activity, with the acquisition of IG Consulting (2011), Artexe (2018), Roialty (2019), SCS Computers (2020), IASI (2021), I-TEL (2022) and Energenius (2022).
