Marco Ciscato, Executive Chairman of Maps Group, stated, " *We are proud to present the third edition of the Maps Group Sustainability Report. Once again, the document demonstrates our commitment to fostering a sustainable corporate culture that respects the environment and the social and economic context in which we operate. All this enables us to look to the future with determination, continuing to place sustainable growth at the center of our activities with greater conviction and pride. There are many and various challenges: a clear and documented approach will allow us to face and report on them in the best possible way".*
