MAPS GROUP: PARTNERSHIP WITH BCC ENERGIA TO MONITOR AND MANAGE ENERGY CONSUMPTION ACROSS THE MORE THAN 4,000 SITES OF ITS MEMBER BANKS

The three-year contract provides for the activation of BrainWatt, Maps Group's proprietary platform for consumption analysis and the identification of energy inefficiencies

Parma, 17 November 2026

Maps S.p.A. (MAPS:IM; IT0005364333), a company listed on Euronext Growth Milan and active in the digital transformation sector, announces that it has been awarded, through Maps Energy, a three-year contract by BCC Energia, the Cooperative Credit consortium for energy services, for the activation and operation of the BrainWatt platform.

The solution will collect and analyse electricity and gas consumption data from all of the more than 4,000 sites involved, providing a centralised view of energy performance. The aim is to support the identification of inefficiencies and the definition of optimisation measures, delivering actionable insights to guide operational decisions.

The platform will make it possible to monitor energy consumption and costs, benchmark performance across sites and detect anomalies and inefficiencies, supporting the planning of optimisation measures and the verification of results over time.

The solution will also provide a technology foundation for the development of new energy management services for buildings and facilities, supporting energy audits, ISO 50001 certification pathways and remote monitoring and control activities, and contributing to customers' energy efficiency and decarbonisation targets.

Marco Ciscato, Executive Chairman of Maps Group, commented: "*The growing complexity of energy management calls for tools that make the monitoring and analysis of consumption continuous and scalable. Managing more than 4,000 sites highlights the value of our software product-based approach: a single platform makes it possible to benchmark performance and identify intervention priorities at scale. The project with BCC Energia confirms the need for tools that complement specialist expertise and make the management of distributed real estate portfolios more efficient.*"

MAPS GROUP

Maps S.p.A., founded in 2002 and listed on the Euronext Growth Milan segment of Borsa Italiana since 2019, heads Maps Group, a group comprising six companies and over 300 employees, headquartered in Parma and operating through 13 offices across Italy.
Active in the field of Digital Transformation, the Group focuses on the Healthcare and Energy sectors, supporting its clients in extracting value from data to make better decisions and innovate their operating models.

Through Maps Healthcare S.p.A., the Group addresses key trends in Patient Experience and Data-Driven Governance, while also providing Diagnostic and Hospital Information Systems to both public and private entities.

Through Maps Energy S.r.l., the Group supports the ongoing energy transition by developing integrated, data-driven software solutions for energy monitoring, control and management in the areas of energy sustainability, energy efficiency and Energy Communities.
The Group also markets solutions designed to measure the achievement of corporate and staff objectives, manage risks and share non-financial performance, as well as offering a portfolio of cross-market products dedicated to omnichannel solutions and document management for suppliers.
In addition, Maps Group operates within an Open Innovation framework to meet specific needs through tailored products or solutions developed for Best-in-Class clients in their respective markets.

In 2025, Maps Group recorded consolidated revenues of Euro 31.6 million, EBITDA of Euro 5.6 million, corresponding to an EBITDA margin of 18%, and a Net Financial Position of Euro 12.7 million.

As evidence of the strength of its business model, focused on the development of highly scalable software products, revenues from products amounted to Euro 28.6 million, representing 95% of core revenues, while recurring fee revenues accounted for 41% of core revenues, equal to Euro 12.3 million.

The Group's growth has also been supported by significant M&A activity, including IG Consulting S.r.l. (2011), Artexe S.p.A. (2018), Roialty S.r.l. (2019), SCS Computers S.r.l. (2020), IASI S.r.l. (2021), I-Tel S.r.l. (2022), Energenius S.r.l. (2022), Ellysse S.r.l. (2025) and Energy Audit S.r.l. (2026).
